DEMOCRATIC NOMINATIONS.
FOR GOVERNOR,
JOSEPH A. WRIGHT,
OF ADAMS COUNTY.
FOR LIEUT. GOVERNOR,
JAMES H. LANE,
OF DEARBORN COUNTY.
FOR CONGRESS,
ANDREW J. HARLAN,
OF GRANT COUNTY.

SATURDAY, MAY 26, 1849.

Allen County Convention.—The democratic convention for this county was held on Saturday last. The attendance of delegates was quite large, nearly every township being represented. Ochmig Bird was nominated for the Legislature, and Wm. Robinson, Esq. of Pleasant township for County Commissioner. The proceedings will be found on our first page.

Congressional Convention.—The Convention of the democrats of the Tenth Congressional District, held at this place on Wednesday last, was fully attended, every county being represented, generally by full delegations, four delegates only, out of the whole number being absent. Hon. S. T. Clymer of Noble Co. was appointed President; Messrs. Spott and Twidell Vice Presidents; and Messrs. Dodd, Hendryx, and Lewis, Secretaries. The President opened the proceedings in a brief and eloquent address, explaining the objects of the convention, the duty of the delegates, &c. We had not the good fortune to hear his remarks, but we are assured by those present that Mr. Clymer acquitted himself in a manner in which he discharged his duties through the day, and the order and decorum which the proceedings were marked are alike honorable to him and to the convention over which he presided. In fact, we never saw a more orderly or well conducted assembly, nor one in which the proceedings were conducted more impartially, and with such an entire absence of all trickery and unscrupulous maneuvering. Every thing was fair, open, and above-board—such as might be expected from so respectable and substantial a body of democrats as those composing the convention. The delegates of course had their preferences, and did their best to secure the nomination of the men of their choice; but when the nomination was made, all were fully satisfied and cordially acquiesced in the result. The temper manifested is a sure guarantee that the democratic party in this district are actuated by a love of principle—measures not men is their motto—and we feel confident the nominee will receive the hearty and unanimous support of the whole party and be triumphantly elected.

The candidates proposed were, A. J. Harlan of Grant County; D. B. Herriman of Noble; Jere Smith of Randolph; L. P. Milligan of Huntington; and W. March of Delaware. On the fifth ballot Mr. Harlan having received a majority of the whole vote cast, Mr. Herriman moved that he receive the unanimous nomination, which was adopted by acclamation.

Pratt Quick Travelling.—The steamship Canada made her last trip from Liverpool to Halifax in eight days! This is in reality annihilating time and space. We well recollect the time when it took us longer to ascend the Maumee from Toledo to this place than it has the Canada to cross the Atlantic.

The Army.—General Scott has been appointed Commander-in-chief of the United States Army; his headquarters to be at Elizabethtown, N. Y., or New York, as he may determine. The forces will hereafter be arranged under two divisions—Eastern and Western—the commands are assigned to Generals Gaines and Wool—the senior to have the selection. The headquarters of the Eastern division will be at Baltimore, those of the Western at Cincinnati.

Death of General Worth.—Major General WORTH, a brave and accomplished officer, who has won many laurels on the battle-fields of his country, and who enjoyed in a high degree the esteem of his countrymen, sleeps in death. He died of the Cholera at San Antonio, Texas. The whole people will mourn his unexpected demise.

DAGUERRETYPE.—Mr. Foster is now in our city, and purposes staying a short time for the purpose of accommodating such of our citizens as wish to procure faithful likenesses. Mr. Foster has a splendid apparatus with all the latest improvements, and makes most admirable likenesses—as any one can be satisfied by inspecting his specimens. We have read many very flattering notices of this gentleman in the papers of several places he has visited, and from what we have seen of his work, we are inclined to believe that they are well merited.

This room is on Columbia Street, over B. Mason's Store.

VIRGINIA ELECTION.—The Result.—Complete returns have been received from Virginia, which show the following gratifying results:
For Congress—14 democrats and 1 independent whig, elected by democratic votes over the regular whig nominee. State Senate—21 democrats and 11 whigs. House of Delegates—73 democrats, 62 whigs. Democratic majority on joint ballot 21.

Glory enough for any day! The Old Dominion has nobly redeemed herself, and set a glorious example to those States in which elections are yet to be held. Virginia had been rather Taylorish—so much so that at the Presidential election it was for some time doubtful whether the vote of the State had been cast for the first time, for a whig President. Case's majority was only a few hundreds. In the last Congress the whigs had six members; now they have only one, and he is an independent, elected by the democrats, over the regular whig candidate. Virginia has redeemed herself, and given a lesson to two-faced, Judas-like, no party, anti-descriptive whiggery, which we hope will serve as a warning to those who are tempted by such deception and fraud, though sometimes successful for a brief period, will eventually meet the condemnation they merit.

Disastrous Fire!—On Monday morning last our city was the scene of a conflagration the most destructive that has ever visited us. About half past two o'clock fire was discovered among a lot of packing boxes in the rear of the store of Messrs. Conrad & Kneppinger on Calhoun street; the flames speedily communicated to the store, and so rapid were its ravages that scarcely any of the stock could be saved. The new fire engine was promptly brought on the ground by the German fire company, but in spite of their most efforts the fire spread both north and south until the entire block was destroyed. The buildings destroyed are—Mr. Saunders' dwelling and grocery store; the store adjoining, also owned by Mr. Saunders, and occupied as a meat market by Messrs. Blain & Dahman; Mr. Brackenridge's brick store occupied by I. Wolf as a clothing store; M. Guernsey's bakery; Mr. Blossom's tailor shop; Mr. Foellinger's shoe shop; Mr. Evans' brick store, occupied by T. K. Brackenridge & Co.; the blacksmith and wagon maker's shop on Main street, and the building formerly used as a law office, but lately occupied as a dwelling; Mr. Fink's cabinet shop was also on fire and partially consumed, but by the vigorous and well directed efforts of the firemen aided by our citizens the conflagration was here stopped; otherwise it must have extended to Columbia street, and might possibly have swept the entire business part of the city. Mr. Saunders' loss is very heavy, a small portion only of which was covered by insurance. Messrs. Brackenridge & Co. and Mr. Wolf also lost considerable, but were insured. Mr. Evans' store was not insured. The stock of Conrad & Kneppinger and the building were insured; the other buildings were mostly uninsured, but were generally small and of not much value. The whole loss is estimated by well informed persons at \$14,000 to \$16,000, one half of which is insured.

So intense was the heat that it was with difficulty the buildings on the opposite side of Calhoun street were saved. The danger was also greatly increased by the sparks and burning embers, some of which flew to a considerable distance, alighting on the roofs of buildings two or three blocks distant, but fortunately were all discovered and quenched without doing any damage.

We regret to add that a large amount of goods were stolen during the confusion. This circumstance has induced some to suspect that the fire was the work of an incendiary, and was made for the purpose of plunder. We can scarcely believe that a person can be found among us diabolical enough to commit such a crime, and hope that the fire was the result of accident; but the fact that it commenced on the outside of the building, certainly looks a little suspicious. It may however have been caused by carelessly leaving ashes in the vicinity of the packing boxes, or by a spark from a neighboring chimney.

A man named Somers has been arrested and committed for trial for stealing goods during the fire. A large quantity were found in his possession, which were identified as belonging to Mr. Wolf.

The following letter was received from Judge Smith and read to the convention, which upon motion of Mr. Buckles was recorded with the proceedings of the convention:
WINCHESTER, May 12th, 1849.
To the delegates from Randolph Co. in the democratic district Convention:
GENTLEMEN:—I find that there are various statements afloat in different parts of this Congressional District respecting me and the position I occupy in relation to the nomination of a democratic candidate for Congress by the convention soon to assemble in Fort Wayne; and for that reason, I deem it proper to address this line to you that my true position may be known.

Although I have always felt myself honored when selected by the democratic party to serve them in any capacity, and should feel myself highly so in being selected to serve them in Congress, yet I have not desired or solicited of any person a nomination by the coming convention, for various reasons, necessary or perhaps proper, here to enumerate. During the past winter I was frequently asked by two partial friends to become a candidate for the nomination. I uniformly declined doing so, till some time in February last, when being pressed on the subject, I then consented that if the convention tendered me the nomination, I would accept it, on my part, as I would be glad to get it, but would not feel myself at liberty to decline it, but would accept it. At the same time I stated that I wanted it distinctly understood that if nominated, I would not resign the office I now have the honor to hold, unless I should be elected, as I had an illustrious precedent in General Taylor to justify that course. Since then I have uniformly given the same answer to such friends as have inquired of me on the subject, notwithstanding which I find in some parts of the district the impression is out that I am soliciting and canvassing for the nomination. Such is not the fact, and never has been. I was born under Jefferson's administration, and entered into politics and became entitled to my part during the heated canvass of 1826-7 and 8. I then approved the position taken by General Jackson that he would neither seek nor decline the Presidency. I have ever since approved it, and still approve it, and believe it to be the true position for a democrat to occupy in relation to all offices, as well that of the Presidency as of others. It is the position I occupy to the coming nomination.

While I thus frankly state to you my position, I will as frankly state that I hope that you and your fellow delegates, when you assemble in convention, will be able to agree upon and nominate some one of the talented and worthy gentlemen who are either seeking the nomination, or have signified their willingness to accept it, without using my name. If you do I shall be well satisfied.

I have the honor to be, gentlemen, Very respectfully, your obt. serv't., JER. SMITH.

Remarks were made by the different candidates, all exhibiting a spirit of concession, and a determination to abide the result of the convention.

The convention then proceeded to ballot for a candidate for Congress, as follows:

	1st ballot	2d	3d	4th	5th
A. J. Harlan	22	25	32	39	44
D. B. Herriman	21	20	19	30	28
Jere Smith	18	16	19	4	6
L. P. Milligan	10	10	8	5	6
Walter March	7	7			

Whole number of votes cast 78—necessary to a choice 40.

Upon the announcement by the Chair of the result of the fifth ballot, Mr. Herriman moved that A. J. Harlan be declared the unanimous nominee of this convention. Adopted.

The committee on resolutions, which were reported the following, which after some discussion were unanimously adopted:

Resolved, That the great principles of democratic policy, the independent treasury and revenue tariff of 1846 have been practically illustrated and carried out under the administration of James K. Polk, thereby giving the country a degree of prosperity heretofore unparalleled.

Resolved, That the devotion to democratic principles which has characterized the American people, but for the intervention of the day of Thomas Jefferson, has suffered no diminution in the elevation to the Presidency of Gen. Taylor. For while their jealousy of whig principles was allayed by the non-party professions of Gen. Taylor, their gratitude and patriotism was appealed to in the brilliant services which he had rendered in the field, and we regard his success not as a disapprobation of democratic principles, but as a laying aside of political opinions to reward the hero for gallant deeds, whose laurel wreaths, and professed political neutrality, not the preference for whig principles, carried him to the Presidency.

Resolved, That the thanks of this Convention and the people of the 10th Congressional District of the State of Indiana, are due and hereby tendered to the Hon. William Rockwell, for the faithful and impartial manner in which he has performed his duties as a member of the Congress of the nation for the last two years.

Resolved, That in our nominee for Congress, Andrew J. Harlan, we recognize a sound democrat, and a man every way worthy of our suffrages, and that we hereby pledge to him our undivided support.

On motion of Mr. Rugg, Resolved, That the mask so closely drawn around the political features of General Taylor before the election, has fallen; and its fall has disclosed the fact that he has "friends to reward the faithful and impartial manner in which he has performed his duties as a member of the Congress of the nation for the last two years."

On motion of Mr. Milligan, Hon. F. P. Randall of Allen was appointed Corresponding Secretary to the District Committee.

On motion of Mr. Martin, Resolved, That the thanks of this convention are due to the President and other officers thereof, for their impartial and gentlemanly performance of the duties which have devolved upon them.

On motion of Mr. Longbridge, Resolved, That the proceedings of this Convention be published in the Democratic papers in the District and in the Indiana State Sentinel.

TENNIS FIRE!—Our city was visited last night by the most destructive fire that ever occurred in the west. The principal banking houses, insurance offices, and most extensive business houses are destroyed, and it is utterly impossible to form any estimate of the loss. About 10 o'clock last night the steamer "Lafayette" was on fire at the head of the levee, and the fire spread so rapidly that the whole of the latter were burned, and the boat floated down the river, setting fire to such boats as were unable to get out. A strong wind prevailing, the whole levee was soon enveloped in flames.

The following barges with cargoes were destroyed: White, Clark, E. B. Belle, Isle, Taghioni, Boreas, American Eagle, Sarah, Carson, Montank, Timour, Acadia, Mamaluke, Prairie State, Endora, St. Peters, Red Wing, Alex. Hamilton, Martha Eliza Stewart, Man, Gen. Brooke, Florida. Also, a large number of barges and wood boats.

The heat from burning boats, which was most intense, fired the stores along the levee, commencing at Locust street, and the heart of business. From Locust street for three quarters of a mile down the levee, and extending back to second street, nearly every building within this line is in ruins. To give particulars at this time is impossible. The Republic office, with its extensive materials and machinery, was destroyed. The New Era, Organ Reville, and Enquirer & Western offices shared a similar fate—some of them saving a greater portion of the materials. The Telegraph office, banking houses of Denier, J. J. Anderson, Presburg & Co. and P. Tesson, were all destroyed; the vaults, however, are supposed to be safe.

In the burnt district was the most extensive business houses, with a large amount of stock on hand, very little of which was saved. The loss is estimated at \$5,000,000, but how much of this is covered by insurance is impossible to say. The number of steamers burned is said to be 27.

GREAT FIRE IN MILWAUKIE.
\$50,000 Worth of Property Destroyed.

MILWAUKIE, May 17.—A P. M.
A fire broke out this morning between 3 and 4 o'clock, and before it could be extinguished, property to the amount of 50 to \$60,000 was destroyed. The fire originated in the building occupied by W. Hawkins as a planing manufactory and warehouse, and from the corner of the street, and the building together with Davis & Moore's store burned.

Resolved, That the great principles of democratic policy, the independent treasury and revenue tariff of 1846 have been practically illustrated and carried out under the administration of James K. Polk, thereby giving the country a degree of prosperity heretofore unparalleled.

Taylor. For while their jealousy of whig principles was allayed by the non-party professions of Gen. Taylor, their gratitude and patriotism was appealed to in the brilliant services which he had rendered in the field, and we regard his success not as a disapprobation of democratic principles, but as a laying aside of political opinions to reward the hero for gallant deeds, whose laurel wreaths, and professed political neutrality, not the preference for whig principles, carried him to the Presidency.

Resolved, That the thanks of this Convention and the people of the 10th Congressional District of the State of Indiana, are due and hereby tendered to the Hon. William Rockwell, for the faithful and impartial manner in which he has performed his duties as a member of the Congress of the nation for the last two years.

Resolved, That in our nominee for Congress, Andrew J. Harlan, we recognize a sound democrat, and a man every way worthy of our suffrages, and that we hereby pledge to him our undivided support.

On motion of Mr. Rugg, Resolved, That the mask so closely drawn around the political features of General Taylor before the election, has fallen; and its fall has disclosed the fact that he has "friends to reward the faithful and impartial manner in which he has performed his duties as a member of the Congress of the nation for the last two years."

On motion of Mr. Milligan, Hon. F. P. Randall of Allen was appointed Corresponding Secretary to the District Committee.

On motion of Mr. Martin, Resolved, That the thanks of this convention are due to the President and other officers thereof, for their impartial and gentlemanly performance of the duties which have devolved upon them.

On motion of Mr. Longbridge, Resolved, That the proceedings of this Convention be published in the Democratic papers in the District and in the Indiana State Sentinel.

S. W. SPOTT, Vice.
J. TWIDELL, Sec'y.

St. Louis, May 18.
TENNIS FIRE!—Our city was visited last night by the most destructive fire that ever occurred in the west. The principal banking houses, insurance offices, and most extensive business houses are destroyed, and it is utterly impossible to form any estimate of the loss. About 10 o'clock last night the steamer "Lafayette" was on fire at the head of the levee, and the fire spread so rapidly that the whole of the latter were burned, and the boat floated down the river, setting fire to such boats as were unable to get out. A strong wind prevailing, the whole levee was soon enveloped in flames.

The following barges with cargoes were destroyed: White, Clark, E. B. Belle, Isle, Taghioni, Boreas, American Eagle, Sarah, Carson, Montank, Timour, Acadia, Mamaluke, Prairie State, Endora, St. Peters, Red Wing, Alex. Hamilton, Martha Eliza Stewart, Man, Gen. Brooke, Florida. Also, a large number of barges and wood boats
